MEMORANDUM FOR: Mr. Kirkpatrick

SUBJECT : Action Memo on Mid-Career Training Program

1. Here is Matt's final version combining the two Action Memos on the Mid-Career Training Program (i.e., one which he sent up in draft as an attachment to his Mid-Career Program Progress Report - Tab A - the other which you dictated, I believe at the request of Jocko Richardson but which was subsequently canceled - Tab B).

2. Although this memorandum does not specifically call for career services to get cracking on our five-year plans for the 90 mid-career alumni, this portion was omitted at Matt's specific request. He has assured me that the attached version will give him what he needs to get this resolved and the entire program back on track.

3. Matt suggested that it might be appropriate if this were signed by the DDCI. If you don't agree, I will have it retyped for your signature.
